

RCT Sample Cutter

Model

YT-H152

Function

RCT sample cutter is suitable for cutting paper ring pressure strength, corrugated core paper flat pressure strength test required samples, in line with the relevant provisions of QB/T1671 standard, is a special sampling device necessary for paper ring compression strength test (RCT), is paper, packaging The ideal test aids for industries and departments such as scientific research and quality inspection.

Product Features

- Stamping sampling, high sampling accuracy
- The stamping structure is novel, and the sampling is simple and convenient

Key Technical Parameters

✧ Sample Size	152×12.7 mm
✧ Sample Thickness	0.1~1.0 mm
✧ Dimension	530(L)×130(W)×590(H) mm
✧ Net Weight	24.5kg
